

# CITY OF FALLS CHURCH

Item 3a

**DATE:** March 11, 2014

**TO:** Chair Baldino and Members of the Citizens Advisory Committee on Transportation

**FROM:** Paul Stoddard, Senior Planner

**SUBJECT:** Neighborhood Traffic Calming (NTC) Update

---

On February 23, 2015, the City Council voted unanimously (7-0) to approve the updated NTC Program.

This update is a significant step forward for the NTC Program. Without the strong showing of support by the CACT to get this Program update completed, the new Program would not be as robust nor would it have happened on schedule. I greatly appreciate all of the support provided by the CACT members throughout the update process.

Now that the Program is updated, the two active cases Parker/Kent and Pennsylvania Ave will be completed under the previous program. All other cases will be taken through the new Program.
